

NWO BIOPHYSICS

NWO Biophysics is the annual Dutch conference on physics of life. The conference presents an exciting programme covering a broad range of scientific topics varying from microscopy and cell biology to biomedical engineering. It is the very heart of Dutch research groups in these fields of expertise, creating a place to explore, push boundaries and celebrate interdisciplinary science together. Participation to NWO Biophysics is open to all people working and/or studying in the field of biophysics at universities and institutes within the Netherlands.
